OBJECTIVE

A coder with proficiency in Web Development along with a knowledge with Java. Eager to learn and develop new skills, deep dive into new technologies and be a part of an organization where I can contribute to its success with my skills and gain experience along with knowledge as a fresher. Seeking to leverage my skills to contribute to innovative software solutions and secure web applications in a dynamic tech environment.

INTERNSHIP

Web Development Intern, CodSoft

1 month // Kolkata

Participated in the design, development, and maintenance of responsive websites and web applications.

Utilized HTML, CSS, JavaScript, and frameworks such as React to enhance front-end features and improve user experience.

Assisted in backend development using technologies like Python and Node.js, and worked with databases to manage data efficiently.

Collaborated with a team of developers, contributing to project planning, code reviews, and implementation of best practices.

Gained practical experience in a professional development environment, honing coding skills and understanding of web development processes.

PROJECTS

- PORTFOLIO WEBSITE

A responsive portfolio website showcasing projects, skills, and experience, with an interactive UI
Programming Languages used HTML, CSS, JAVA SCRIPT, REACT JS.

- DRIVER DROWSINESS DETECTION SYSTEM

A machine learning-based system to detect driver drowsiness, enhancing road safety through real-time alerts.
